Kodak

Trade in, trade up
and save on new
Kodak Scanners

Get the credit you deserve

Your old scanners from Kodak and other manufacturers deserve credit, and now Kodak provides it with the “trade in, trade up and save” program. When you purchase qualifying new **Kodak Scanners** and trade in selected used scanners, you’ll receive trade-in credits up to thousands of dollars! It’s a win/win that delivers significant savings for you and your organization. All the details are below and on the reverse side.

Eligible products for purchase and trade in

See reverse for a complete list of **Kodak Scanners** and used scanners that are eligible for this program.

How the program works

1. Complete a “Trade-In Request Form” (Program 2011-13 US&C) and return to Kodak within **30 days** of your purchase invoice date. Your Authorized Reseller of **Kodak Document Imaging Products** can provide you with this form.
2. Kodak must receive the scanner you are trading in within **60 days** of the purchase invoice date.
 - a. For traded-in products, send required documentation* by e-mail to dimedia@kodak.com or fax to **1-800-535-4622**.
 - b. Call **1-888-247-1234** when a traded-in product is ready for pickup. All traded-in products must be boxed by the customer **prior** to Kodak arranging transportation pickup. Kodak recommends that the customer use the packaging material from the newly-purchased product for shipment.
3. Upon receipt of the traded-in product, Kodak will issue a trade-in credit payment.
4. The remaining value of a service agreement held on a traded-in product may be credited towards the purchase of a service agreement on the **Kodak Scanner** purchased.

*Noted on Program 2011-13 US&C End-User Customer Trade-In Form

Guidelines and program rules

1. All sales must be completed (including shipment and invoicing) on or before December 27, 2011 to qualify. All claims must be received by January 31, 2012.
2. End-user customer must verify full ownership of the product being traded in (the product is owned free and clear of all liens and that there are no other limitations or restrictions on its ability to transfer ownership to Kodak).
3. Scanners being traded in that are equal to or less than 125 lbs. require the customer to supply packaging and package the scanner for pickup. Kodak recommends that the customer use the packaging material from the newly-purchased product. Products that are equal in weight and size to **Kodak i600** through **Kodak i1800 Series Scanners** DO NOT require customer packing.
4. Scanners or software must be purchased from resellers based in the U.S. and be intended for use within the U.S., or from resellers based in the Canada and be intended for use within Canada.
5. Kodak reserves the right to change and/or cancel this program at any time with written and/or electronic notification.
6. Only one eligible product will receive trade-in credit for each **Kodak Scanner** purchased.
7. Kodak will be the sole judge on eligible sales and Program disputes. All decisions regarding eligibility and rebate issuance made by Kodak are final.
8. Kodak reserves the right to audit all claims.
9. This Program may not be combined with any other program from Kodak unless otherwise stated.
