Power and Versatility for Serious Business Printing!

Burroughs UDS640-N11 45 Pages Per Minute Desktop Printer
Burroughs UDS650-N11 55 Pages Per Minute Desktop Printer

Print Less. Save More.

Print less? This may seem like a surprising message for a company marketing printing solutions. But when you consider that businesses spend, on average, up to 6% of their revenue on printing and that active print management can cut office print costs by up to 30%[1] it makes a lot of sense. Burroughs products, solutions and services provide innovative ways to save you time, drive down costs and reduce your impact on the environment. We are committed to helping you print less and save more.

Robust, ultra-fast and incredibly versatile, the Burroughs UDS Series fits every type of need. Whether you're looking for a serious performer for high-volume printing or an effective solution for printing on a wide range of media, these powerful monochrome laser printers deliver the ultimate combination of quality, low ownership costs and outstanding reliability.

The Productivity Checklist

Performance Optimized

Which is more advantageous – more pages per minute or a quicker time-to-first-page? That depends on your print job. Burroughs UDS printers can identify the size and complexity of your job and automatically calculate the optimal speed – quicker time-to-first-page for short jobs and more pages per minute for longer jobs. So whatever you're printing, you're always sure to get the fastest result!

Outstanding Print Quality

When you purchase a high-performance workgroup printer, you expect high-performance results and that includes flawless print quality. The Burroughs UDS Series combines true 1200 x 1200 dpi with automatic darkness adjustment and pixel-boosting technology, ensuring you high-quality, professional documents every time.

Cutting-edge Security

From network security to user-access restrictions, Burroughs makes sure you're fully equipped with all the tools you need to help keep your valuable corporate data safe and sound. In addition to IPSec, SNMPv3 and 802.1x network security, the UDS Series offers an alphanumeric pad for easy PIN authentication.

Simplified Management

Take a load off your IT department. These printers are network-ready and very easy to set up.
