This scanner’s simple, user-friendly design and bundled software package make it indispensable to any office environment.”

OVERVIEW

The imageFORMULA DR-2020U scanner enhances office productivity with reliable, versatile, three-way scanning – ADF flatbed, and dedicated business card scanning – plus rapid, one-pass duplex scanning. This scanner’s simple, user-friendly design and bundled software package make it indispensable to any office environment.

The DR-2020U scanner introduces one-pass duplex scanning to desktop flatbed scanners with its Automatic Document Feeder. It is capable of reliable batch scanning at rapid speeds of up to 20 pages / 40 images per minute in black and white and up to 20 pages / 20 images per minute in color.

The DR-2020U scanner is a complete imaging system, which includes the industry-standard ISIS/TWAIN interfaces to seamlessly link applications to this scanner for easy hardware integration with third-party Enterprise Content Management (ECM) software.
