Xerox DocuMate 510

The Xerox DocuMate 510 scanner is a compact and effective high-speed scanner which is perfect for workgroups and other decentralised scanning needs, enabling businesses to achieve high-levels of productivity by distributing fast, cost-effective scanners throughout the organization.

The DocuMate 510 has a 50 page Automatic Document Feeder that scans 10 pages per minute. It features 600 dpi optical resolution, 24-bit color, hi-speed USB 2.0 interface and scans everything from photos up to A4 documents.

The DocuMate 510 includes a TWAIN driver plus an impressive software package.

Scanning at the Touch of a Button

Do you want to do more with the paper on your desk? Would you like to copy it, collate it, file it, search it, mail it and make it disappear? Sounds time consuming doesn't it? How about if you could do it all with just one touch?

Whatever you need to scan, Xerox has brought quality and ease of use to your fingertips. The DocuMate 510 powered by Visioneer OneTouch® technology scans documents at the touch of a button – so you can scan to popular destinations such as email or Microsoft Office applications.
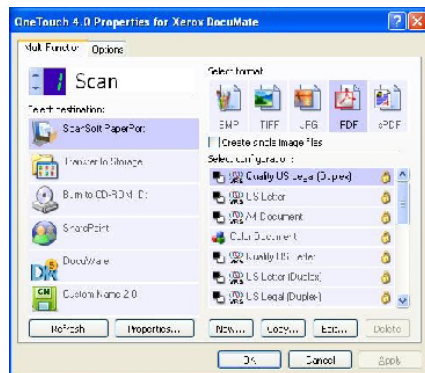

In addition to scanning direct to popular destinations, Visioneer OneTouch also links the DocuMate 510 with industry leading document management software, such as Microsoft SharePoint®, DocuWare and Xerox DocuShare – forming an easy to use workflow from paper to a selected destination.
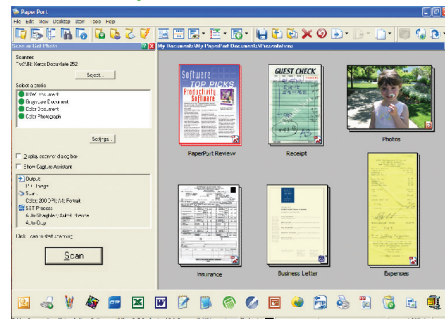

Xerox DocuMate 510

Visioneer OneTouch

Visioneer OneTouch is an easy to use utility that connects the DocuMate scanner with a powerful set of scanner settings to greatly improve the efficiency of your workflow – so that with one touch, the document is scanned automatically to email, Word, your printer, or simply a file folder.

In addition to scanning directly to all popular destinations, Visioneer OneTouch also links the DocuMate 510 with industry-leading document management software, such as Microsoft SharePoint, DocuWare and Xerox DocuShare – forming an easy to use workflow from paper to a selected destination. A Software Development Kit (SDK) is also available which provides the ability to develop specific links and integrate them into the Visioneer OneTouch control panel quickly and easily.
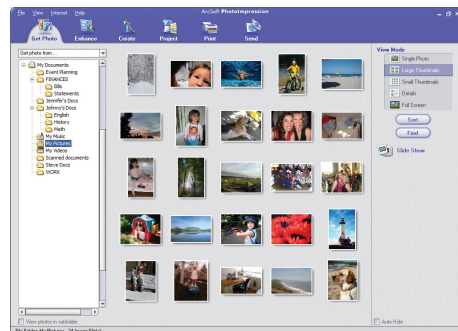

Nuance PaperPort

PaperPort is the easiest way to turn volumes of paper into organised digital files that you can quickly find, use and share. Stop wasting time looking for paper documents scattered around your office, the Xerox DocuMate 510 can scan documents directly to PDF files.

To avoid unnecessary printing of hard copy documents PaperPort supports one-click creation of PDF files from Microsoft Office documents and supports Print-to-PDF using other Microsoft Windows applications. A wide range of image formats can also be converted into PDF – including TIFF, MAX, JPG, BMP and GIF.

PaperPort can help you find any document on your PC instantly. Just type in a word or phrase and PaperPort All-in-One Search will bring up the correct document immediately.

Scan to network drives by adding new destinations to the PaperPort folder list allows scanning direct to the desired location. Scan straight to your My Documents folder or to a network drive.

ArcSoft PhotoImpression

ArcSoft PhotoImpression offers the perfect combination of power and simplicity so you can do more with your photos. From quick corrections to creative editing, you can easily achieve high-quality results. Whether you scan traditional photos, drawings or maps, PhotoImpression makes digital imaging simple.

PhotoImpression allows you to edit, retouch, enhance and manipulate your photos, turning them into compelling visuals for inclusion in hundreds of projects.
