The Hypercom T7Plus is a user-friendly two-piece terminal, featuring a separate pin pad for customer pin entry. The terminal supports multiple payment and value-added applications making it suitable for a wide range of retailers.

At a glance

- Easy to use
- Fast transactions keeps customers moving quickly
- Supports multiple payment and value-added applications
- Extra bright display screen
- Accepts all magnetic swipe and EMV chip card transactions

Terminal Specifications

Processor

- 8-bit

Memory

- RAM: 512KB

Display

- Backlit: 2 lines x 20 characters (standard)

Magnetic Card Reader

- Magnetic stripe: Tracks 1,2 standard
- Chip card: Non-captive, ISO7816, EMV compliant;

Smart Cards

- Accepts a wide range of smart cards including EMV chip cards

Keypad

- Elastomeric: 35 keys; water splash-resistant

Peripheral Ports

- Singular PIN pad port

Printer

- SureLoad clamshell design, drop-in loading, thermal technology, 384 dots per line; Paper roll: 57mm x 80mm

Security

- 3DES encryption, EMV and PCI PED

Modem

- 2400bps

Physical

- Terminal - Length 254mm x Width 132mm x Height 63.5mm
- Pinpad - Length 153mm x Width 85mm x Height 30mm

Environmental

- Temperature: 0-45°C/32-113°F; Humidity: max 85%, non-condensing; ESD: 12,000 volts

Features and Benefits

- Efficient processing with high-speed easy load thermal printer quickly moves customer through the line quickly
- Supports a variety of payment and added value applications
- Multi-merchant capable - allows several retailers to use the same device
- One-touch capability initiates all daily functions with one straightforward step, which makes for easy operation and reduced training times
- SureLoad® printer makes paper roll replacement quick and easy and produces receipts in half the time of previous generation printers
- Industry-leading software includes the functionality necessary to introduce value-added opportunities to the merchant in an integrated application
- Extra bright display screen, small footprint design and quiet, fast thermal printer
- Supports cheque verification

Communications Technology

- T7Plus Dial-up - Standard telephone dial connection for payment processing
