EXCEPTION ITEM ENCODER

- **Small Footprint** - Lightweight and compact, the MICR II fits easily into any work space.
- **Easy to Use** - The easy to read display, prompts the operator through every transaction.
- **Accurate Encoding** - High quality encoding will maximize productivity of your proof department.

MICR II ENCODER

Designed for maximum throughput, the MICR II can easily meet your requirements for fast, accurate exception item encoding. The MICR II Exception Item Encoder can also help save valuable back office processing time.

Simply key in the information to be encoded, press the appropriate function key and drop the document. The MICR II will encode it right every time.

Field Programmable

The MICR II Exception Item Encoder offers keyboard programmability for maximum flexibility. No more expensive costs and lost time associated with programming changes that can only be done at the factory!

Standard Program Features:

- ☐ Automatic Repeat, Buffered Keyboard
- ☐ 20 Programmable Function Keys
- ☐ Single Pass, Full Field Encoding
- ☐ Incrementing Serial Number
- ☐ Dog-Ear Detection
- ☐ Check Digit Verification
- ☐ Check Digit Generation
- ☐ Encodes Multi-Part Documents

Easy Snap-in Ribbon

No loose ribbons, no spools, no soiled hands. The MICR II features a ribbon cartridge that is simple to change with absolutely no mess!

High Quality MICR Encoding

The MICR II is designed to meet the rigid ANSI MICR encoding standards. The result-precision encoding minimizing reader/sorter rejects.

SPECIFICATIONS

Dimensions:	Width:	12.5	inches (31.75cm)
	Length:	18.0	inches (45.72cm)
	Height:	5.5	inches (13.97cm)
Weight:		16 pounds (7.23kg)	
Display:		16 column, full alphanumeric capability	
Ribbon:		Average yield of 70,000 characters	
Power:		120 VAC	
Memory:		8K RAM	
Encode Capability:		65 character/full field	
Hardware Option:		MICR II provides eject capability with document catch tray	

Reduced Downtime

The inherent reliability of microprocessor design, coupled with the mechanical simplicity of the MICR II, results in minimal downtime.

Small Footprint

Lightweight and compact, the MICR II fits easily into any work space.

Nationwide Sales and Customer Support

The full line of Maverick MICR Encoders is sold and serviced nationwide by a highly trained and professional network of Maverick Dealers. For more information about Maverick MICR II Exception Item Encoders and other Maverick products, please contact your local authorized Maverick Dealer.
